

A decorative graphic on the left side of the slide. It consists of two overlapping parallelograms: a blue one in the foreground and a light green one behind it. Both shapes are oriented diagonally, with their longer sides running from the top-left towards the bottom-right. The background of the entire slide is a dark navy blue with subtle, lighter blue diagonal stripes.

A Walkthrough

Ground Rules

1. I will make sure that I address every single piece of criteria in the brief.
2. I will only use HTML and CSS. No Javascript, JQuery, et al.
3. I will make everything from scratch. No 3rd party frameworks, no copy paste.
4. I will commit to Git regularly.

PURPOSE AND FUNCTION

The average employer spends **7.4 seconds** viewing a resume.**

- TheLadders (Recruiting Agency)

Website Qualities

1. It will direct end users quickly and efficiently towards the content they wish to obtain.
2. It will be content-based, and therefore be optimized for viewing for long periods.
3. It will prioritize function over form.
4. It will establish my credibility as a musician.

Who is this website for?

- Your average musician who doesn't know anything about code who requires a dev that also understands the music profession.
- A senior developer that is looking for a back-end dev that is slightly “Out-of-the-box”.
